Business Update

Completion of 10,000-tonne MBT workshop

Singapore - 15 September 2008 - The Directors of China Sunsine Chemical Holdings Limited (“**China Sunsine Chemical**” or “**The Company**” or “**尚舜化工**”), a global leader in the production and supply of rubber accelerators for the rubber tyre industry, is pleased to provide an update on the progress of its 10,000-tonne MBT workshop.

The 10,000-tonne MBT workshop has been completed in early September 2008 as scheduled and is currently undergoing trial production.

MBT is a form of Thiazoles accelerator, as well as an intermediary product for producing the other Thiazoles accelerators and Sulphenamides accelerators.

This 10,000-tonne MBT production capacity will enable the Company to be self-sufficient in MBT. The Company will continue to focus on business expansion and improving production efficiencies.
