POSITIVE PROFIT ALERT

The Board of Directors (the “**Board**”) of China SunSine Chemical Holdings Ltd. (the “**Company**”, and together with its subsidiaries collectively, the “**Group**”) wishes to inform shareholders and potential investors of the Company that, based on the preliminary assessment of the information currently available to the Board, including the unaudited financial statements for the 3rd quarter ended 30 September 2014 (“**3Q2014**”), the Group is expected to report a substantial increase in consolidated net profit, compared to the corresponding period from 1 July 2013 to 30 September 2013.

The expected profit growth is mainly due to the increase in both average selling price and sales volume of the Group’s products. The expected profit growth is consistent with the recent trend of increased average selling price and sales volume of the Group’s products as seen in the last 2 quarters.

The above information is based on the preliminary assessment made by the Board. The Company is in the process of finalising its unaudited consolidated results for the reporting period, and the results announcement for 3Q2014 will be released before 14 November 2014.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the securities of the Company.
